CIVIL ACTION NO. _____

ORIGINAL COMPLAINT

Walter Edgardo Castro v. United States of America

Rights to the Ownership of the United States Treasury

I, Walter Castro, am God in Heaven, Hell, Mother Earth, The Universe! I was Born Again as an American Citizen. There is a Book about it called The Holy Bible. This Government Based Law under The truth of the Secrets of the Book and made the Constitution. The Constitution clearly states that this Government IS UNDER GOD our Law in America! Since the Government is under me, I, God, immediately want full access and OWNERSHIP to My united states treasury department to see where my money is GOING, what we are doing to progress, and stick my hand in my pot of money from time to time. I, Walter Castro, who is The walking Holy Spirit, have explained who i am to several courts and judges, since the constitution was based on my Book, The Holy Bible, an ancient book that has been plagiarized countless times but the original story will always surpass the lies with ancient artifacts, tablets, classified documents of my returns, how brutal, disgusting was the justification of saving our Stuff! I own this Country and i Want it right NOW, King of The World, rightful owner of Land and Stuff! Please open a case immediately, as soon as possible, to sue the United states government for complete control of the united states treasury department!
